WIA VETERANS' EMPLOYMENT-RELATED ASSISTANCE PROGRAM  
SOLICITATION FOR PROPOSAL**

## **Section 1 Overview**

### **A. Purpose**

The Employment Development Department (EDD), in coordination with the California Workforce Investment Board (State Board) and the California Labor and Workforce Development Agency, announces the availability of up to \$12.7 million of Workforce Investment Act (WIA), Governor's Discretionary 15 Percent funds to transition veterans into high-wage high-growth occupations. Funds will be subject to federal funding availability. The goal of this proposal is to promote the use of industry sector strategies as the framework for addressing the need for veterans to transition into high-wage high-growth occupations with particular emphasis placed on the clean energy economy.

The California State Plan for WIA developed by the California Workforce Investment Board (CWIB) sets a priority for statewide activities to target resources to ensure full services are available to veterans. Also included in the State Plan is the requirement to conduct WIA programs in accordance with the Veterans' Priority Provisions of the "Jobs for Veterans Act," Public Law (PL) 107-288.

Given the priority to target resources to the significant number of veterans separating from military service, this SFP's focus is on recently separated veterans of the U.S. Armed Forces, National Guard and Reservist. Three bonus points will be awarded to applicants that focus at least 50 percent of their services to recently separated veterans.

Successful applicants for this solicitation will use a sector strategy approach to meet the workforce and training needs of the targeted industries, through creation or expansion of regional partnerships with Local Workforce Investment Boards (LWIBs), Community Colleges, local training organizations, public/private employers, community and business development organizations, K-12 education, labor organizations and other key stakeholders. The regional partnership will demonstrate a deep understanding of the targeted industry dynamics and the specific workforce needs of the industry's employers within the region. This data-driven approach will align and leverage resources, identify and provide sector-related training, and provide supportive services that promote skill attainment and career pathways for workers.

### **B. Eligible Applicants**

Proposals will be accepted from public, private non-profit and private for-profit organizations, local Workforce Investment Boards, education and training providers and faith-based/community based organizations. Individuals are not eligible to apply.

## **Applicant Requirements**

Applicants will be required to demonstrate knowledge, experience, and capacity to provide services to veterans [Military and Veterans Code, Section 999.80]. Applicants must demonstrate their knowledge, experience and capacity for serving veterans under Section VI in the SFP Proposal Narrative. If applicants can not demonstrate this requirement, their application will not be funded. Additionally, in accordance with Military and Veterans Code, Section 999.80, all WIA resources awarded under this SFP will be dedicated to serving the needs of veterans and their families.

The applicant must clearly describe its capability to conduct and administer a federally funded project including the ability to collect and report financial and participant data as required. Applicants must also be aware of the state and federal disability laws and procedures for ensuring universal access. Please see Appendix C, General Provisions and Standards of Conduct, for information on the assurances and certifications that all grantees must agree to.

### **C. Eligible Veterans**

For the purpose of this SFP, the term “veteran,” as defined in the United States Code, Title 38, Part I, Chapter 1, Section 101, refers to a person who served in the active military, naval, or air service, and who was discharged or released under conditions other than dishonorable. Wherever eligibility of veterans is referenced in this document, eligible spouses of veterans are included in accordance with Public Law 107-288.

Though the focus is on recently separated veterans, other veterans will not be excluded but must be in at least one of the priority groups listed below:

#### **1. Service-Connected Disabled Veterans**

Veterans who are entitled to compensation under laws administered by the Department of Veterans' Affairs, or individuals who were discharged or released from active duty because of a service-connected disability.

#### **2. Recently-Separated Veterans**

Veterans who have separated from the military within the 48-months prior to application.

#### **3. Campaign Veteran**

Veterans that served on active duty in the United States armed forces during a war or in a campaign or expedition for which a campaign badge or medal has been authorized. (A list of the Wars, Campaigns, and Expeditions can be found at the [Office of Personnel Management](#) Web site.)

#### **4. Veterans with Significant Barriers**

“Significant Barrier(s)” is defined as: characteristics that may hinder an individual's hiring, promotion, or participation in the labor force. Some examples of individuals who may face barriers to employment include: single parents, displaced homemakers, youth, public assistance recipients, older workers, substance abusers, teenage parents, ethnic minorities, and those with limited English speaking ability, or a criminal record, mental

health barriers, or with a lack of education, work experience, credentials, child care arrangements, or transportation.

## **5. Eligible Spouses**

As defined in the Jobs for Veterans' Act, Public Law 107-288.

## **D. Funding Availability**

Up to \$12.7 million in WIA 15 Percent Funds is available under this SFP with a maximum award of \$1 million for each grantee. Funding under this SFP will be dependent on budget approval and spending authority. The WIA funds are available through the Governor's Discretionary 15 Percent account.

## **E. Allowable Uses of Funds**

The use of funds awarded in this SFP is governed by the WIA and its associated federal regulations, State and federal directives, and federal Office of Management and Budget (OMB) Circulars. Appendices A and B describe the general requirements pertaining to these funds. The WIA 15 Percent Project Requirements are contained in WIA Directive [WIAD02-14](#), 15 Percent Project Requirements.

Funds awarded under this SFP cannot be used to purchase real property or to construct buildings.

## **F. Administrative Cost Limits**

A maximum of ten percent of the total project budget will be allowed for administrative costs. For purposes of developing a budget, the definition of administrative costs is provided in Appendix B, Administrative Cost Definitions.

## **G. Length of Project**

The State expects that the performance period for projects awarded under this solicitation will be 24 months. Grant funds will not be available for longer than the 24-month expenditure period. No obligation or commitment of funds will be allowed prior to or beyond the grant period of performance. Any grant funds not expended during the grant agreement period shall be returned to the State.

## **H. Priority of Service to Participants**

All projects must be conducted in accordance with the Veterans' Priority Provisions of the "Jobs for Veterans Act," Public Law 107-288. The Training and Employment Guidance Letter [5-03](#) provides you with general guidance regarding the implementation of the Veterans' priority and how this priority will affect current business practices.

Projects that can demonstrate a cash and/or in-kind match will receive bonus points as follows:

- Match is 20 to 30 percent of the requested funds – 2 bonus points or,
- Match is greater than 30 percent of the requested funds – 4 bonus points

For the purposes of this SFP, match may include WIA or non-WIA funds made available to the applicant to be used specifically for this proposal's activities. The ranked scores will serve as the primary basis for making recommendations for funding in conjunction with other factors such as geographic distribution of funds, uniqueness, and innovative aspects of the proposal. Only those proposals deemed to be meritorious and in the best interests of the State will be recommended for funding. The EDD reserves the right to conduct on-site reviews prior to making final funding recommendations. After completion of the evaluation process, funding recommendations will be made to the EDD Director and CWIB Executive Director. The Labor and Workforce Development Agency (LWDA) Secretary, in consultation with the EDD Director and the CWIB Executive Director will make final funding decisions.

## **B. Notification of Recommendation for Funding**

Following the selection of proposals to be funded, notification will be placed on the EDD website and applicants will be notified of the funding decisions. The State expects that the award decision notices will be sent in May.

## **C. Contracting**

The EDD staff will contact the awardees to finalize contract details. In some cases, EDD may request that the contracts incorporate changes to the original project proposals. After the contract negotiations, if any, EDD will mail the subgrant agreement (contract) to the awardees for signature. The State expects the contract negotiations to begin in May with a project start date as early as May 1, 2010.

Awardees are advised to consider whether official action by a County Board of Supervisors, City Council, or other similar decision-making body will be necessary before agreeing to accept funds awarded under this SFP. The time needed for such official action will affect the awardees ability to meet the earliest project start date of May 1, 2010.

All awardees must comply with the General Provisions and Standards of Conduct, Appendix C of this SFP.

## **Section 7 Appeal Process**

A proposal may be disqualified for not meeting the minimum requirements, and an appeal of that disqualification decision, may be filed. There is no appeal process for not meeting the proposal submission deadline. Final funding decisions cannot be appealed. The minimum requirements, which are listed in Part A of Section 5 of the SFP, are those conditions that must be met in order for the proposal to be forwarded for evaluation and scoring.

The EDD will mail disqualification letters to applicants no later than April 19, 2010. Any appeals must be received in the EDD office designated below by 4:00 p.m. on April 27, 2010. The appellant must submit the facts in writing. The review will be limited to the information provided in writing.

To be considered for review, the appeal must contain the following information:

- The full name, address, and telephone number of the appealing party.
- A brief statement of the reasons for appeal, including citations to the SFP and any other pertinent documents.
- A statement of the relief sought.
- Original signature of the authorized signatory authority of the organization.

The appellant must provide a copy of the appeal letter and the supporting documents to EDD's Workforce Services Branch. The Workforce Services Branch will respond in writing to the appeals by April 30, 2010. The review will be limited to determining whether the proposal met the minimum criteria of the SFP.

## C. Reporting

Grantees must have the capability to report expenditures, participant, and outcome data to the State, in a manner that is timely, thorough, and accurate. The State has developed the Job Training Automation (JTA) system for reporting data collected by grantees. Grantees will be required to have the approved emulation software for this purpose. The State will provide training on how to use the JTA system. See Appendix E for the JTA System Hardware and Software Requirements.

Grantees will be required to submit monthly financial and participant reports using the standard JTA system data elements including participant information, project activities and expenditures. In addition, grantees will be required to submit monthly progress reports which include narrative on the status of the projects. Upon closeout of the project an End of Project report is required.

## D. Performance Goals

The overall State goals are provided as a point of reference for applicants when reviewing their local goals. The State recognizes that local goals may differ from those presented here. Local program designs may vary significantly and necessitate flexibility in determining goals. If the planned goals are lower than the State performance levels, applicants must provide an explanation in Section IV, Performance Goals, of the Proposal Narrative.

The State's WIA Performance Goals for PY 2009/10 are as follows:

Performance Goals Description	Performance Goals (%)
1. Placement in Education or Training	100%
2. Completed Training	80%
3. Attained Recognized Certificate/Degree	70%
4. Placement in Unsubsidized Employment	65%
5. Retained Employment (6 months)	81%
6. Average Earnings	\$12,500

The performance measures are described in WIA Section 136 and defined in detail in Training and Employment Guidance Letter (TEGL) [17-05](#) dated February 17, 2006.

## E. Closeout

A subgrant/line item closeout will be required 60 days after the completion of the grant period. WIA Directive [WSD09-12](#) WIA Closeout Handbook, provides specific instructions for closeout. Applicants should include costs associated with closeout activities into the budget plan.

## F. Compliance

All funds are subject to their related State and federal statutory and regulatory requirements. These requirements are detailed in governing documents that include, but are not limited to, the WIA and its associated federal regulations, including Title 29 of the Code of Federal

Regulations, State and federal WIA directives, and OMB Circulars. Refer to Appendix D, *Internet Resources*, for a list of useful Web sites.

## **G. Evaluation**

WIA Sections 134 and 136 (e) provide for the ongoing evaluation of workforce investment activities. Evaluation of statewide activities allows the State to determine the effectiveness of the Governor's 15 Percent funds in addressing the identified statewide needs. As a result, the State may pursue a statewide evaluation of the projects awarded through this SFP. In the event that a statewide evaluation is implemented, the applicant will be required to participate in that evaluation by providing requested data and information. Therefore, all award recipients are expected to document lessons learned, and effective/promising practices ascertained through this project.
