TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: PROMOTING THE EMPLOYMENT OF DISABLED VETERANS

The Department of Labor has issued Training and Employment Notice (TEN) [28-09](#), dated January 29, 2010. The purpose of this TEN is to announce release of a new video and information brief published by the Employment and Training Administration.

The video, "Coordinating Quality Employment Services to Disabled Veterans," highlights how the Disability Program Navigator (DPN), worked with Disabled Veterans Outreach Program (DVOP) staff. The DPN facilitated the One-Stop Career Center in Wheaton, Maryland to become an accessible, service delivery site where all people, including disabled veterans, receive integrated services. The video tells the story of how a disabled veteran received services at the One-Stop Career Center that resulted in employment.

The accompanying information brief, "Promising Practices-Quality Employment Services to Disabled Veterans," highlights the DPN service strategies. By partnering with the DVOP, and Local Veterans Employment Representatives, services were made accessible to disabled veterans through the public workforce system.

The video and information brief is available on the <http://disability.workforce3one.org/> new Web site, "Disability, and Employment." The Web site has resources to promote the employment of disabled veterans.

If you have any questions, please contact your [Regional Advisor](#) at (916) 654-7799.
