SUBJECT: FREE AND LOW-COST HEALTH INSURANCE OPTIONS

The Foundation for Health Coverage Education (FHCE), in partnership with the Employment Development Department, seeks to assist the uninsured with navigating their free and low-cost health insurance options with a variety of valuable resources.

The FHCE's [California Health Care Options Matrix](#), is a health insurance brochure with coverage, eligibility, cost, and contact information for all public and private programs in California. The FHCE has also created an online [Health Coverage Eligibility Quiz](#). It's just five questions and will instantly determine an individual's eligibility for public and private programs. Later this summer, the entire Web site, including the Eligibility Quiz, will be available in Spanish.

For more information on how you can help someone who is uninsured find health insurance, please contact FHCE's toll-free 24/7 U.S. Uninsured Help Line at (800) 234-1317 or go online to [www.CoverageForAll.org](http://www.CoverageForAll.org).
