

## Deaf and Hard of Hearing Services (DHH)

SFP PY 2016/17

### Questions and Answers

April 29, 2016

---

- **Please define electronic form as mentioned in section 6, part C.**

Electronic form: Any electronic media format (email, JPG, PDF, CD, DVD, thumb drive) of which data is transmitted, copied and/or shared, directly via computer, scanner, or fax machine.

- **May the proposal be submitted on a thumb drive in lieu of a compact disc?**

For compliance, the compact disc is the only format accepted. The Employment Development Department (EDD) Information Security Office advised that only an EDD encrypted thumb drive is allowed on the EDD's network. They are for internal use only and not available to public or private entities.
