This Information Notice announces the availability of two new series of disability-related educational videos released by the California Department of Rehabilitation (DOR). The free videos are a helpful resource for employers and America's Job Centers of CaliforniaSM staff. The videos provide information about the employment of individuals with disabilities, disability anti-discrimination laws, and helpful accessibility guidelines. They may be viewed and ordered online using the links below.

The first series of videos, titled Boost Your Business, features 12 videos which provide employers with strategies to ensure businesses and other facilities open to the public meet California's Building Code and federal accessibility guidelines. The Job Centers can also use these tips to increase access to their buildings. The videos can be accessed at www.dor.ca.gov/DisabilityAccessInfo/Boost-Your-Business.html.

The second series of videos, titled Employment Today, provides employers with tips on how to recruit, hire, and accommodate employees with disabilities. It includes 10 videos on the general provisions of the Americans with Disabilities Act, California's disability anti-discrimination law, and the Fair Employment and Housing Act. Job Center staff can use this information when assisting job seekers with disabilities in obtaining and retaining employment opportunities. The videos can be accessed at www.dor.ca.gov/DisabilityAccessInfo/Employment-Today.html.
