FEDERAL DISASTER UNEMPLOYMENT ASSISTANCE FOR THE NOVEMBER 2018 HILL FIRE IN VENTURA COUNTY

Are you out of work due to the recent Hill Fire in Ventura County? Are you a business owner or self-employed and unable to operate your business due to this recent wildfire?

The federal Disaster Unemployment Assistance (DUA) program, administered by the Employment Development Department (EDD), provides financial support to those impacted by the November 2018 Hill Fire in Ventura County.

The DUA program provides temporary unemployment assistance to individuals whose work or self-employment is interrupted due to a major disaster and who do not qualify for regular state-funded unemployment benefits. This includes employees, farmworkers, fisherpersons, and business owners who may not normally qualify for regular state-provided unemployment benefits.

Who Can Qualify

Federal DUA benefits are offered to victims of the Hill Fire who are unemployed as a direct result of this disaster, whose work or self-employment they can no longer perform was their primary source of income, **and** who meet one of the following eligibility conditions:

- Have applied, qualified for, and received all regular unemployment benefits from California or any other state; **or**
- Have applied for regular unemployment benefits in California or any other state, but do not qualify to receive the regular unemployment benefits; **or**
- Have worked, were self-employed, or were scheduled to begin work or self-employment, in the disaster area and cannot work or perform services due to the disaster; **or**
- Cannot perform work or self-employment because of an injury as a direct result of the disaster and do not qualify for State Disability Insurance benefits; **or**
- Became the head of their households because of a death caused by the disaster.

Individuals who have applied for and were qualified to receive regular state Unemployment Insurance (UI) benefits from California or any other state must receive all of their benefits before they can qualify for DUA benefits.

The EDD will file a regular UI claim for all applicants to first determine if they qualify for regular state UI benefits. If they don't qualify for regular state UI benefits, then the EDD will automatically determine if

they meet the eligibility criteria for a federal DUA claim. The EDD will notify applicants by mail of the type of benefits they are potentially eligible to receive.

Individuals who are not U.S. Citizens or Nationals must be able to show they have current authorization to work in the United States to receive DUA benefits.

How to Get Started

To start the process, you must file a claim by **December 14, 2018**. This deadline may be extended if you can show a good reason for why you did not file by this date.

The fastest way to file is online through UI OnlineSM available on EDD's website at **www.edd.ca.gov**. You may also file by phone between 8 a.m. to 12 noon, Monday through Friday:

- English: 1-800-300-5616
- Spanish: 1-800-326-8937
- Chinese (Cantonese): 1-800-547-3506
- Chinese (Mandarin): 1-866-303-0706
- Vietnamese: 1-800-547-2058
- TTY: 1-800-815-9387

All disaster victims are encouraged to apply to avoid losing out on these valuable benefits and should note on their applications that they are out of work due to the Hill Fire.

Proof of Employment

To receive DUA benefits, you must show proof that you were employed or self-employed when the disaster occurred or that you were to begin work on or after

the date of the disaster. All documentation must be submitted within 21 calendar days from the day you filed your application. Proof includes, check stubs, recent federal income tax returns, bank statements, work orders, affidavits from individuals having knowledge of your work or self-employment, or other documents to support that you were working, or that you are self-employed, or scheduled to work when the disaster occurred.

Benefit Amounts and Duration

Once you are determined eligible, your benefit amount will range from \$40 to \$450 per week. Benefits are payable beginning the week of November 11, 2018, or the date you first became unemployed due to this disaster, whichever date is later. You may receive DUA benefits as long as you remain unemployed as a direct result of this disaster, or until the week ending May 18, 2019, whichever comes first. The last week DUA benefits may be paid is the week ending May 18, 2019, even if individuals are still unemployed due to this disaster.
