The program must include 12 monthly, printed publications designed to provide MSFWs and their families; information about the EDD services; and 12 monthly, one-hour Spanish radio talk shows, each supporting one of the corresponding issues of the publication.

The EDD offers a wide variety of services to millions of Californians under the programs administered by the Department. These programs include State Disability Insurance, Unemployment Insurance, Workforce Services and Labor Market Information programs. The EDD provides access to an integrated array of job matching, labor exchange, and Workforce Innovation and Opportunity Act (WIOA) services delivered through the statewide America’s Job Center of CaliforniaSM (AJCC) network. Additional information on these services is available on the EDD’s website at www.edd.ca.gov.

In the defense or settlement of the claim, Grantee may obtain the right for Grantor to continue using the licensed Intellectual Property or, replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual Property becomes non-infringing provided that such replacement or modification is functionally equivalent to the original licensed Intellectual Property. If such remedies are not reasonably available, Grantor may be entitled to a refund of all monies paid under this subgrant agreement, without restriction or limitation of any other rights and remedies available at law or in equity.

(c) Grantee agrees that damages alone would be inadequate to compensate Grantor for breach of any term of these Intellectual Property provisions by Grantee. Grantee acknowledges Grantor would suffer irreparable harm in the event of such breach and agrees Grantor shall be entitled to obtain equitable relief, including without limitation an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

9. Survival

The provisions set forth herein shall survive any termination or expiration of this subgrant agreement or any project schedule.
T. CONFIDENTIALITY REQUIREMENTS

The State of California and the Grantee will exchange various kinds of information pursuant to this subgrant agreement. That information will include data, applications, program files, and databases. These data and information are confidential when they define an individual or an employing unit. Confidential information requires special precautions to protect it from unauthorized use, access, disclosure, modification, and destruction. The sources of information may include, but are not limited to, the Employment Development Department, the California Department of Social Services, the California Department of Education, the California Department of Corrections, the County Welfare Department(s), the County IV-D Directors Office of Child Support, the Office of the District Attorney, the California Department of Mental Health, the California Office of Community Colleges and the Department of Alcohol and Drug Programs. The Grantor and Grantee agree that:

(1) Each party shall keep all information that is exchanged between them in the strictest confidence and make such information available to their own employees only on a “need-to-know” basis.

(2) Each party shall provide written instructions to all of its employees with access to information provided by the other party of the confidential nature of the information and of the penalties for unauthorized use or disclosure found in section 1798.55 of the Civil Code, section 502 of the Penal Code, section 2111 of the Unemployment Insurance Code, section 10850 of the Welfare and Institutions Code and other applicable local, state and federal laws.

(3) Each party shall (where it is appropriate) store and process information in electronic format, in such a way that unauthorized persons cannot reasonably retrieve the information by means of a computer.

(4) Each party shall promptly return to the other party confidential information when its use ends, or destroy the confidential information utilizing an approved method of destroying confidential information: shredding, burning, or certified or witnessed destruction. Magnetic media are to be degaussed or returned to the other party.

(5) If the Grantor or Grantee enters into an agreement with a third party to provide Wagner Peyser Act services, the Grantor or Grantee agrees to include these data and security and confidentiality requirements in the agreement with that third party. In no event shall said information be disclosed to any individual outside of that third party’s authorized staff, subcontractor(s), service providers, or employees.

U. ADDITIONAL CONFIDENTIALITY REQUIREMENTS

Additional requirements for subcontractor providing resume-distribution services to Job Center clients:

(1) The Grantee may, in its operation of the Job Centers, permit a Job Center Operator to enter into a subcontract to manage confidential information. This subcontract may allow an individual to register for resume-distribution services at the same time the individual enrolls in CalJOBS™.
(2) Grantee shall ensure that all such subcontracts comply with the intellectual property requirements of paragraph 19 of this Subgrant, the confidentiality requirements of paragraph 20 of this Subgrant and any other terms of this Subgrant that may be applicable. In addition, the following requirements must be included in the subcontracts:

(a) All client information submitted over the Internet to the subcontractor’s databases must be protected, at a minimum, by 128-bit Secure Socket Layer (SSL) encryption. Clients’ social security numbers must be stored in a separate database within the subcontractor’s network of servers, and protected by a firewall and a secondary database server firewall or AES data encryption. If a subcontractor receives client social security numbers or other confidential information in the course of business, for example a resume-distribution service that provides enrollment in CalJOBS™, social security numbers must be destroyed within two days after the client registers for CalJOBS™. If a subcontractor obtains confidential information as an agent of the Grantee, the subcontract must specifically state the purpose for the data collection and the term of records retention must be stated, and directly related, to the purpose and use of the information. In accordance with 29 Code of Federal Regulations 97.42, social security numbers and other client specific information shall not be retained for more than three years after a client completes services. The Grantee should extend this period, only if any litigation, claim, negotiation, audit, or other action involving the records has been started before the end of the three-year retention period. In this case the records should be maintained until completion of the action and resolution of all issues arising from it, or until the close of the three-year retention period, whichever is later. (29 CFR sec. 97.42 (b)(2).)

(b) Client information (personal information that identifies a client such as name and social security number) and/or demographic information of a client (such as wage history, address, and previous employment) shall not be used as a basis for commercial solicitation during the time the client or agency is using the subcontractor’s services. Client information and/or demographic information shall not be used for any purposes other than those specific program purposes set forth in the subcontract.

(c) A Job Center client must still be given the option to use the Job Center’s services, including CalJOBS™, even if he or she chooses not to use any services of the subcontractor. This option shall be prominently, clearly and immediately communicated to the client upon registration within the Job Center or for CalJOBS™, the subcontractor’s resume-distribution services, or any other services subcontractor offers to the client or the Job Center Operator.

(d) The subcontractor must clearly disclose all of its potential and intended uses of the client’s personal and/or demographic information for the services the client seeks and for any other services the subcontractor offers. The subcontractor shall not use a client’s personal and/or demographic information without the client’s prior permission. A link to the subcontractor’s Privacy Policy shall appear prominently on the registration screens that list the potential and intended uses of the client’s personal and/or demographic information.
(e) When the Grantor modifies state automated systems such as the State CalJOBS™ System, it shall provide reasonable notice of such changes to the Grantee. The Grantee shall be responsible to communicate such changes to the Job Center Operator(s) in the local area.

(3) Each party shall designate an employee who shall be responsible for overall security and confidentiality of its data and information systems and each party shall notify the other of any changes in that designation. As of this date, the following are those individuals:
