SECTION 1 — OVERVIEW

A. PURPOSE

The Employment Development Department (EDD) announces the availability of up to $100,000 of Wagner-Peyser 10 Percent Governor’s Discretionary funds for the Campesino De California Outreach Grant – Radio Media. The goal of this grant is to enhance existing outreach channels to supplement the outreach efforts by government, community-based organizations, and partners serving Migrant and Seasonal Farmworkers (MSFW) in rural and hard to reach communities. This grant allows for the development and implementation of radio talk shows aimed at reaching domestic and foreign MSFWs and their families to inform them about workforce programs and other community services available to MSFWs.

B. TARGET POPULATION

Proposals must focus on providing timely dissemination of accurate and pertinent information regarding programs and services to MSFWs and their families. Target populations must include hard to reach and underrepresented high-density farmworker agricultural areas. The following definitions describe the target population for the purpose of this grant:

Farm Work

For the purpose of this grant, farm work means the cultivation and tillage of the soil; dairying; and the production, cultivation, growing, and harvesting of any agricultural or horticultural commodities. This includes the raising of livestock, bees, fur-bearing animals, or poultry, the farming of fish and any practices (including any forestry or lumbering operations) performed by a farmer or on a farm as an incident to or in conjunction with such farming operations, including preparation for market, delivery to storage or to market or to carriers for transportation to market. It also includes the handling, processing, freezing, or grading prior to delivery for storage of any agricultural or horticultural commodity in its unmanufactured state. For the purpose of this definition, agricultural commodities means all commodities produced on a farm including crude gum from a living tree and products processed by the original producer. Farm work also means any services or activity covered under Title 20 Code of Federal Regulations (CFR) Section 655.103(c) and/or Title 29 CFR Section 500.20(e) and any services or activity so identified through official Department of Labor guidance such as Training and Employment Guidance Letters.

Migrant and Seasonal Farmworker

A MSFW must meet the definition of either Seasonal Farmworker or Migrant Farmworker

Seasonal Farmworker

- Worked at least 1 day doing farm work during the last 12 months.
- The agricultural employment was of a temporary or seasonal nature.
- Did not have to move from their permanent place of residence to do this farm work.
• A non-migrant full-time student is not a Seasonal Farmworker.

Migrant Farmworker

• Is a Seasonal Farmworker.
• Has to travel to do farm work.
• Is not reasonably able to return to their permanent residence within the same day.
• A full-time student traveling in an organized group rather than with their family is not a Migrant Farmworker.

C. PROPOSAL SUMMARY

Title 20 CFR Parts 653 through 658 mandate State Workforce Agencies (SWA) to operate an outreach program to locate and contact MSFWs not reached through normal intake activities and inform them of the full range of government and partner services. The EDD is the California SWA. The information relayed to MSFWs must include the complete range of workforce and training related services for MSFWs offered through the Workforce Innovation and Opportunity Act (WIOA) Title I and WIOA Title III Wagner-Peyser Act programs, and include agricultural job opportunities through the Agricultural Recruitment System and H-2A Foreign Labor Certification Program.

By way of a one year contract, the EDD will require the grantee to broadcast 24 bi-monthly, 30 minute hosted radio talk shows (programs) in Spanish within the contract year. Additionally, the grantee must procure complementing media posts on the grantee’s website and use social media outlets to publicize the radio talk show and communicate additional information as necessary.

All broadcasted and other media communications must support and expand on the outreach efforts of the EDD Workforce Services Branch, Designated and Special Circumstance1 America’s Job Center of CaliforniaSM (AJCC) sites, and related partner organizations to achieve comprehensive, statewide outreach information campaigns for MSFWs.

CRITERIA FOR SELECTING GRANTEE

Criteria for selecting the grantee will include, but is not limited to: the ability to provide topics of interest to MSFWs and their families, ensure clear and concise communication in the language required, and collaborate with diverse partners to develop and disseminate accurate and timely MSFW related information.

The applicant must provide the EDD a written schedule including programming times, show topics, and name(s) of radio talk shows, regions, and stations where the radio talk shows will be broadcasted.

1 EDD and Department of Labor identifies MSFW Designated and Special Circumstance AJCCs every program year, based on program participants and density of farmworkers in specific areas.
The applicant must demonstrate its capacity to secure appropriate subject matter experts (SME) and others to develop and implement the necessary programming. The applicant must have access to, or the ability to contract with, a professional copy-writer skilled in developing and translating material to Spanish for the radio talk show program and related media postings, and the ability to acquire SMEs and other guests to support the radio media materials.

The applicant must demonstrate the ability to structure the information provided in an educational and informative broadcasting radio format within 30 minute-programs that contain the following segments:

1. **Featured Segment** (average four minutes) to highlight target areas and programs that need an increase in participation.

2. **Main Topic Segment** (average 15 minutes) to enhance MSFW’s quality of life rights and responsibilities. Topics may include, but are not limited to: apprenticeship and/or training opportunities, housing, health care, education opportunities for themselves and their children, social services, Foreign Labor Certification Program, MSFW’s rights, civil rights, pesticide regulations, migrant education, Job Service Complaint System, immigration, disaster relief information, MSFW success stories, agricultural employer’s information, crop reports, etc.

3. **Upcoming Dates Segment** (average five minutes) with events that match the featured and topic sections and/or other important upcoming events (e.g., EDD job fairs, employer recruitment events, community fairs, EDD AJCC orientations, tax day, etc.).

4. **Closing/Resources Segment** (average five minutes) supported by related social media channels and postings listing contact numbers in English and Spanish for: workforce services, website locations of H-2A Agricultural Recruitment System jobs, Unemployment Insurance, Disability Insurance, Paid Family Leave, and CalJOBS™.

The grantee must be able to procure and contract with the appropriate broadcasting companies, repeater stations, and secure topics and SMEs to address and disseminate information regarding workforce program and services by EDD and partners. SME guests must only address the information related to their particular program or service. The grantee may collaborate with EDD to use topics and SMEs referred by EDD, and provide an
updated monthly schedule of its proposed topics and guests to the EDD project manager (at least four weeks in advance to the next scheduled segment). Guests must come, present, and or contribute on their own volition and waive any monetary or in-kind compensation.

The grantee and/or its contracted broadcasting organization must provide a dedicated Campesino De California Outreach webpage for public access to recordings of the radio talk shows and the corresponding links to programs and services of the EDD and partners including related webpages and major social media outlets controlled by the grantee, EDD, or partners.

For example, a 30 minute program on the second and fourth week of the month.

All radio talk shows and related social media posts must be centrally archived, available for public retrieval, and able to be viewed in an online setting maintained independently by the grantee and cross-marketed on the other partners’ (EDD, AJCCs, etc.) communication outlets.
E. EDD RESPONSIBILITIES

Throughout the life of the grant’s contract, the EDD will evaluate the effectiveness of the radio talk shows and written media materials to ensure that the information provided to the MSFWs includes the full range of the EDD services offered through the WIOA and Wagner-Peyser programs, and partners’ MSFW and agricultural supportive services. The EDD will designate a project manager/program liaison to oversee the project.

(b) All materials, including, but not limited to, computer software, visual works or text, reproduced or distributed pursuant to this subgrant agreement that include Intellectual Property made, conceived, derived from, or reduced to practice by Grantee or Grantor and which result directly or indirectly from this subgrant agreement may not be reproduced or disseminated without prior written permission from Grantor.
5. Patent Rights

With respect to inventions made by Grantee in the performance of this subgrant agreement, which did not result from research and development specifically included in the Grant’s scope of work, Grantee hereby grants to Grantor a license for devices or material incorporating, or made through the use of such inventions. If such inventions result from research and development work specifically included within the subgrant agreement’s scope of work, then Grantee agrees to assign to Grantor, without addition compensation, all its right, title and interest in and to such inventions and to assist Grantor in securing United States and foreign patents with respect thereto.

6. Third-Party Intellectual Property

Except as provided herein, Grantee agrees that its performance of this subgrant agreement shall not be dependent upon or include any Intellectual Property of Grantee or third party without first:

(a) Obtaining Grantor’s prior written approval.

(b) Granting to or obtaining for Grantor’s, without additional compensation, a license, for any of Grantee’s or third-party’s Intellectual Property in existence prior to the effective date of this subgrant agreement. If such a license upon these terms is unattainable, and Grantor determines that the Intellectual Property should be included in or is required for Grantee’s performance of this subgrant agreement, Grantee shall obtain a license under terms acceptable to Grantor.

7. Warranties

(a) Grantee represents and warrants that:

1. It has secured and will secure all rights and licenses necessary for its performance of this subgrant agreement.

2. Neither Grantee’s performance of this subgrant agreement, nor the exercise by either Party of the rights granted in this subgrant agreement, nor any use, reproduction, manufacture, sale, offer to sell, import, export, modification, public and private display/performance, distribution, and disposition of the Intellectual Property made, conceived, derived from, or reduced to practice by Grantee or Grantor and which result directly or indirectly from this subgrant agreement will infringe upon or violate any Intellectual Property right, non-disclosure obligation, or other proprietary right or interest of any third-party or entity now existing under the laws of, or hereafter existing or issued by, any state, the United States, or any foreign country. There are currently no actual or threatened claims by any such third party based on an alleged violation of any such right by Grantee.

3. Neither Grantee’s performance nor any part of its performance will violate the right of privacy of, or constitute a libel or slander against any person or entity.

4. It has secured and will secure all rights and licenses necessary for Intellectual Property including, but not limited to, consents, waivers or releases from all authors.

5. Of music or performances used, and talent (radio, television and motion picture talent), owners of any interest in and to real estate, sites locations, property or props that may be used or shown.
6. It has not granted and shall not grant to any person or entity any right that would or might
derogate, encumber, or interfere with any of the rights granted to Grantor in this subgrant
agreement.

7. It has appropriate systems and controls in place to ensure that state and federal funds will
not be used in the performance of this subgrant agreement for the acquisition, operation or
maintenance of computer software in violation of copyright laws.

8. It has no knowledge of any outstanding claims, licenses or other charges, liens, or
encumbrances of any kind or nature whatsoever that could affect in any way Grantee’s
performance of this subgrant agreement.

(b) Grantor makes no warranty, that the intellectual property resulting from this subgrant
agreement does not infringe upon any patent, trademark, copyright or the like, now existing or
subsequently issued.

8. Intellectual Property Indemnity

(a) Grantee shall indemnify, defend and hold harmless Grantor and its licensees and assignees, and
its officers, directors, employees, agents, representatives, successors, and users of its products,
(Indemnities) from and against all claims, actions, damages, losses, liabilities (or actions or
proceedings with respect to any thereof), whether or not rightful, arising from any and all
actions or claims by any third party or expenses related thereto (including, but not limited to,
all legal expenses, court costs, and attorney’s fees incurred in investigating, preparing, serving
as a witness in, or defending against, any such claim action, or proceeding, commenced or
threatened) to which any of the Indemnities may be subject, whether or not Grantee is a party
to any pending or threatened litigation, which arise out of or are related to (i) the incorrectness
or breach of any of the representations, warranties, covenants or agreements of Grantee
pertaining to Intellectual Property; or (ii) any Intellectual Property infringement, or any other
type of actual or alleged infringement claim, arising out of Grantor’s use, reproduction,
manufacture, sale, offer to sell, distribution, import, export, modification, public and private
performance/display, license, and disposition of the Intellectual Property made, conceived,
derived from, or reduced to practice by Grantee or Grantor and which result directly or
indirectly from this subgrant agreement. This Indemnity obligation shall apply irrespective of
whether the infringement claim is based on a patent, trademark or copyright registration that
was issued after the effective date of this subgrant agreement. Grantor reserves the right to
participate in and/or control, at Grantee’s expense, any such infringement action brought
against Grantor.

(b) Should any Intellectual Property licensed by the Grantee to Grantor under this subgrant
agreement become the subject of an Intellectual Property infringement claim, Grantee will
exercise its authority reasonably and in good faith to preserve Grantor’s right to use the
licensed Intellectual Property in accordance with this subgrant agreement at no expense to
Grantor. Grantor shall have the right to monitor and appear through its own counsel (at
Grantee’s expense) in any such claim or action. In the defense or settlement of the claim,
Grantee may obtain the right for Grantor to continue using the licensed Intellectual Property or,
replace or modify the licensed Intellectual Property so that the replaced or modified Intellectual
Property becomes non-infringing provided that such replacement or modification is functionally
equivalent to the original licensed Intellectual Property. If such remedies are not reasonably
available, Grantor may be entitled to a refund of all monies paid under this subgrant agreement, without restriction or limitation of any other rights and remedies available at law or in equity.

(c) Grantee agrees that damages alone would be inadequate to compensate Grantor for breach of any term of these Intellectual Property provisions by Grantee. Grantee acknowledges Grantor would suffer irreparable harm in the event of such breach and agrees Grantor shall be entitled to obtain equitable relief, including without limitation an injunction, from a court of competent jurisdiction, without restriction or limitation of any other rights and remedies available at law or in equity.

9. Survival

The provisions set forth herein shall survive any termination or expiration of this subgrant agreement or any project schedule.

T. CONFIDENTIALITY REQUIREMENTS

The State of California and the Grantee will exchange various kinds of information pursuant to this subgrant agreement. That information will include data, applications, program files, and databases. These data and information are confidential when they define an individual or an employing unit. Confidential information requires special precautions to protect it from unauthorized use, access, disclosure, modification, and destruction. The sources of information may include, but are not limited to, the Employment Development Department, the California Department of Social Services, the California Department of Education, the California Department of Corrections, the County Welfare Department(s), the County IV-D Directors Office of Child Support, the Office of the District Attorney, the California Department of Mental Health, the California Office of Community Colleges and the Department of Alcohol and Drug Programs. The Grantor and Grantee agree that:

(1) Each party shall keep all information that is exchanged between them in the strictest confidence and make such information available to their own employees only on a “need-to-know” basis.

(2) Each party shall provide written instructions to all of its employees with access to information provided by the other party of the confidential nature of the information and of the penalties for unauthorized use or disclosure found in section 1798.55 of the Civil Code, section 502 of the Penal Code, section 2111 of the Unemployment Insurance Code, section 10850 of the Welfare and Institutions Code and other applicable local, state and federal laws.

(3) Each party shall (where it is appropriate) store and process information in electronic format, in such a way that unauthorized persons cannot reasonably retrieve the information by means of a computer.

(4) Each party shall promptly return to the other party confidential information when its use ends, or destroy the confidential information utilizing an approved method of destroying confidential information: shredding, burning, or certified or witnessed destruction. Magnetic media are to be degaussed or returned to the other party.

(5) If the Grantor or Grantee enters into an agreement with a third party to provide Wagner Peyser Act services, the Grantor or Grantee agrees to include these data and security and confidentiality requirements in the agreement with that third party. In no event shall said
information be disclosed to any individual outside of that third party’s authorized staff, subcontractor(s), service providers, or employees.

U. ADDITIONAL CONFIDENTIALITY REQUIREMENTS

Additional requirements for subcontractor providing resume-distribution services to Job Center clients:

1. The Grantee may, in its operation of the Job Centers, permit a Job Center Operator to enter into a subcontract to manage confidential information. This subcontract may allow an individual to register for resume-distribution services at the same time the individual enrolls in CalJOBS™.

2. Grantee shall ensure that all such subcontracts comply with the intellectual property requirements of paragraph 19 of this subgrant, the confidentiality requirements of paragraph 20 of this subgrant and any other terms of this subgrant that may be applicable. In addition, the following requirements must be included in the subcontracts:

   (a) All client information submitted over the Internet to the subcontractor’s databases must be protected, at a minimum, by 128-bit Secure Socket Layer (SSL) encryption. Clients’ social security numbers must be stored in a separate database within the subcontractor’s network of servers, and protected by a firewall and a secondary database server firewall or AES data encryption. If a subcontractor receives client social security numbers or other confidential information in the course of business, for example a resume-distribution service that provides enrollment in CalJOBS™, social security numbers must be destroyed within two days after the client registers for CalJOBS™. If a subcontractor obtains confidential information as an agent of the Grantee, the subcontract must specifically state the purpose for the data collection and the term of records retention must be stated, and directly related, to the purpose and use of the information. In accordance with 29 Code of Federal Regulations 97.42, social security numbers and other client specific information shall not be retained for more than three years after a client completes services. The Grantee should extend this period, only if any litigation, claim, negotiation, audit, or other action involving the records has been started before the end of the three-year retention period. In this case the records should be maintained until completion of the action and resolution of all issues arising from it, or until the close of the three-year retention period, whichever is later. (29 CFR sec. 97.42 (b) (2).)

   (b) Client information (personal information that identifies a client such as name and social security number) and/or demographic information of a client (such as wage history, address, and previous employment) shall not be used as a basis for commercial solicitation during the time the client or agency is using the subcontractor’s services. Client information and/or demographic information shall not be used for any purposes other than those specific program purposes set forth in the subcontract.

   (c) A Job Center client must still be given the option to use the Job Center’s services, including CalJOBS™, even if he or she chooses not to use any services of the subcontractor. This option shall be prominently, clearly and immediately communicated to the client upon registration within the Job Center or for CalJOBS™, the subcontractor’s resume-distribution services, or any other services subcontractor offers to the client or the Job Center Operator.
(d) The subcontractor must clearly disclose all of its potential and intended uses of the client's personal and/or demographic information for the services the client seeks and for any other services, the subcontractor offers. The subcontractor shall not use a client’s personal and/or demographic information without the client’s prior permission. A link to the subcontractor’s Privacy Policy shall appear prominently on the registration screens that list the potential and intended uses of the client’s personal and/or demographic information.

(e) When the Grantor modifies state automated systems such as the state CalJOBS™ System, it shall provide reasonable notice of such changes to the Grantee. The Grantee shall be responsible to communicate such changes to the Job Center Operator(s) in the local area.

3. Each party shall designate an employee who shall be responsible for overall security and confidentiality of its data and information systems and each party shall notify the other of any changes in that designation. As of this date, the following are those individuals:
