Eligibility/Verification Requirements

The following conditions must be met at the time of reemployment. Appropriate verification must be included with this application.

1. Be at least age 50 at time of re-employment. (Verified with copy of driver license or other official documentation.)
2. Not be expected to earn more than \$50,000 annually in gross wages, excluding overtime pay, from the reemployment. (If a paycheck has not been issued at the time of application, submit a supporting statement from the employer, on a company letterhead, indicating that annual wages are not expected to exceed \$50,000.)
3. Be reemployed full-time and not enrolled in a TAA-approved training program. (Verified by pay stub, supporting letter from employer, or other appropriate documentation.)
4. Be reemployed less than full-time, but at least 20 hours a week, and be enrolled in a TAA-approved training program. (Verified by pay stub, supporting letter from employer, or other appropriate documentation.)
5. Cannot return to employment at the "firm" from which the worker was separated. Firm is defined as either the entire firm or a subdivision of the firm. This means that if the certification is issued for a worker group in a subdivision of a firm, the worker may not return to employment with that subdivision, but may return to work at another subdivision of the firm. If, however, the certification is issued for workers in the entire firm, the worker may not return to employment in any subdivision of that firm. (Verified by pay stub, supporting letter from employer, or other appropriate documentation.)

Note: Qualifying employment that began prior to separation from adversely-affected employment may be considered RTAA-qualifying employment.
